

Paying for Services

Compass Medical, P.C. operates a full service billing department. Any questions about fees, outstanding balances or other billing concerns can be addressed by calling (508) 583-1195.

Please be prepared to show your insurance card at the time of your appointment. And remember, co-payments must be paid at the time of the visit. For your convenience, Compass Medical, P.C. accepts all major credit cards.

We know how confusing health benefits can be. Health insurance policies are complex and may not cover 100% of the services you require. Please read your insurance policy's information section carefully. If you do not understand your policy, contact the customer service department of your health plan to explain your benefit package. The customer service number should be listed on your insurance card.

If you belong to an HMO, it is important that the appropriate procedures be followed to assure that you receive the care you need and that services are paid for by your insurance plan.
